

Entrepreneurial Business Incubator – EBI

The Entrepreneurial Business Incubator (EBI) provides student business owners the unique opportunity to explore business ideas, start and run a small business with the assistance of trained staff and local business partners.

The Newton College and Career Academy (NCCA) Entrepreneurial Business Incubator is a educational learning laboratory designed to provide students interested in entrepreneurship and small business with a nurturing, supportive environment.

Students enrolled in NCCA are eligible to apply for space in the Entrepreneurship Business Incubator. Students must submit an application and go through an interview process to be accepted into the EBI. Students are admitted on a limited basis each term and must demonstrate adequate progress to remain in the program. Students are required to participate in programs designed to increase the chances for entrepreneurial success. Students will graduate from the program equipped with the skills and experience necessary to create a positive influence on the Newton County and State of Georgia economies.

Benefits offered to students participating in the EBI:

- Access to state-of-the-art office equipment (telephone, computer, printer, fax, etc.)
- Covington/Newton Chamber of Commerce student membership
- Technical assistance from NCCA staff & Newton County business partners
- Networking opportunities
- Mentoring programs
- Training programs
- Office/lab space
